Example. To find the Time of High Water at Limerick, Janu. 4th, 1739, I look in the Kalendar, and find the Moon to be 6 Days old; then under Limerick in this Table, and opposite to 6 Days of the Moon's Age, I find it will be High Water at 18 min. past 9 at Night.

N. B. The Bar of Dublin, Arklow, Wicklow, Drogheda, Dundalk, Hollyhead, Orfordness, and the Downs, are set down in the Kalendar part for every day in the year, being computed from the Moon's southing.

(18) A Table of the RISING and SETTING of the MOON, throughout the Year 1739.

M stands for Morning, A for Afternoon; and this Mark †, especially that in the middle of the three, shews the Nights of the greatest Light. There is also good Moon-light 4 or 5 Evenings before these Nights, and as many Mornings after them.

Of the Incorporated SOCIETY in Dublin, for promoting English Protestant Schools in Ireland.

ONE great End proposed by these Charter Working-Schools, next to the bringing up the Children of the poor Natives in the Fear of God, is to cure that Habit of Idleness, which is too prevalent among them, and by which they are too often betrayed into Thieving, and other enormous Vices. The Cultivation therefore of the Lands possessed, or rented by the several Schools, and the Increase of the Limen Manufacture, are the constant Care of the Society, and of the Gentlemen concerned for them in the Direction of every School: The Learning which the Children get, being no more than what may give them plain Notions of Religion, and qualify them only for the lower Offices of Life.

In the School of *Castledermot*, the Girls have spun 200 Yards of Drugget for their Woollen Apparel: And more Flax is raised, and Seed saved, than the Uses of the School demand; so that a Quantity

Quantity of each is distributed among other Schools, where it was wanted.

In the School of *Minola*, the Girls have coloured and spun this last Season, for their own and the Boys Cloathing, 83 Yards of Drugget, 88 Yards of Woollen Cloth, and 60 Yards of Linnen, in all 231 Yards. Five Acres are fallowed for Flax, Potatoes, Bare, and Oats, and upwards of 60 Perch of Ditching made this Season, and well quicked, by the Help of the Boys. 4 Boys and 4 Girls fit to be put out Apprentices.

From the School of *Sbannon-Grove*, 12 Children have been apprenticed: And here, as also in the Schools of *Ballynabincb* and *Castlecaulfield*, they go on in a working Way, manufacturing their own Cloathing, both Linnen and Woollen, and cultivating the Land they are possessed of. 6 Children lately apprenticed from the School of *Ballynabincb*.

The Schools of *Ballycafile*, *Cregane*, and *Roundwood*, are already opened, and *Stradbally* will be soon.

The Schools of *Ballinrobe*, *Ratbbane*, *Killogh*, *Newtowncorry*, *Dungooly*, and *Ray*, are resolved upon, and the Building of *Ballinrobe* in Forwardness, of *Killogh* finished, and of *Newtowncorry* begun.

There are Proposals for other Schools, viz. at *Kiltormer*, *Camolin*, *Kilkenny-west*, *Dundalk*, *Enniscaltra*, *Armagh*, *Ardboe*, *Camus*, *Corranes*, *Dungarvan*, *Kilmallock*, *Clonfert*, *Waterford*, *Dublin*, and *Kilfinane*, being mostly in different Counties of the Kingdom.

The Principal FAIRS of IRELAND.

Collected, every One, either from the Information of Gentlemen and Dealers, or from the Returns made by the Surveyors in their several Districts, which the Honourable Commissioners of his Majesty's Revenue were pleased to give me, for the Purpose of printing the Fairs with the greater Correctness in this Almanack: Which Original Returns are still in my Custody, for Vouchers.

JOHN WATSON.

All the Fairs that happen on any one Day, are for the most part put alphabetically, so as to be found readily: k. c. is King's County; q. c. Queen's County; And in the other Counties, only the 3 or 4 first Letters are set down.

For the greater Ease of my Customers, I first set down the Day of the Month, and then the initial Letters of the Days of the Week, on which the Fairs will happen in 1739. Every one that falls out on Sunday, is of Course kept on the following Monday; as is also a considerable Number of those that happen on Saturday.

JANUARY, 1739.

1st. being Monday.
